FEDERATION MEETING

PROFITABLE SESSION HELD AT INTERMEDIATE SCHOOL YESTERDAY

The Federation of Parent-Teacher associations met Wednesday afternoon at 2:15 at the Intermediate School, President Mrs. John Robert White in the chair. A salute to the flag was led by Mrs. R. C. Horner and very interesting and encouraging reports were given by the presidents of the various associations and the chairmen of committees.

Superintendent Richardson D. White was called upon to speak and gave the ladies some valuable information on some of the amendments that will come before the voters at the November election Mr. White spoke in favor of Amendments 16 and 12 which respectively provide for a change in the method of financing the public schools and the state university. He opposes Amendment 4, which would increase from 8 per cent to 25 per cent the number of signatures of registered voters necessary to an initiative petition. Many questions were asked showing that the women of the Federation take a keen interest in the coming election and the measures to be voted upon.

White Star Patrol

The Elks' White Star Patrol will give an exhibition drill on the High School athletic field Monday evening, Oct. 18th, commencing at 8 o'clock. The grounds will be well lighted. This is the team that competed at Sacramento last week, with Captain Wattles in command. The public is invited to witness this exhibition.

Makes Good Record

Mrs. Ella W. Richardson reports that she has twice had the privilege of helping the Heitman company in driving their guests to Belmont Shore Place. Tuesday she made the trip from the Glendale office of the company to the tract office at Belmont Shore Place in 77 minutes taking four passengers, R. S. Persons, Wilbur Strock, James Barnett and H. R. Tritt, all of whom were very much pleased with the prospects at this coming resort. Mrs. Richardson has purchased the site for a summer home in this beautiful tract and is enthusiastic about the future of this part of Long Beach. She says not only the ocean but the bay is accessible for swimming, fishing, canoeing, rowing, etc.

Everybody is on the qui vive in anticipation of the great entertainment of magic and mystery to be put on under the auspices of the American Legion of Glendale, for the boys never do anything by halves and will not tolerate any kind of an entertainment under their name save of the highest order. Following is the program to be put on by the wizards:

Settled in New Home

Clare Heaton, who came to Glendale with his wife and younger son from Kinmundy, Ill., about six weeks ago, is now fairly settled in the new home and started off right by ordering the daily visits of the Evening News. His older son had been out here for several months, staying with Dr. Camerer and wife, and it was his glowing descriptions of Glendale's charms that decided the rest of the family to come. Mr. Heaton is a carpenter and is working steadily at his trade. The family are glad they will not have to experience another gloomy Illinois winter. Mr. Heaton and O. L. Kilborn were schoolmates in Kinmundy over 50 years ago.

Death of Aged Lady

Mrs. Marie M. Alberg, aged 86, died at the home of her daughter, Mrs. H. C. Huffman, of Baldwin Park, Wednesday morning. The remains are at the Jewel City Undertaking Company parlors, where they will lie in state until Friday, when they will be shipped to Lyons, Kansas, her home for many years, for interment. Deceased was related to the Lyon families who founded the city of Lyons, some one having added the s later, and to the families of that name who live in Glendale. She was known to many other former residents of Lyons living in Glendale, also. She is survived by two daughters, Mrs. Huffman, mentioned above, and Mrs. E. M. Shay.

TRACK LOWERING

THIS AND REPAVING OF BRAND CONSIDERED AT LAST NIGHT'S MEETING

The meeting at the City Hall last evening to consider lowering of the P. E. tracks and new paving for the four blocks on Brand south of Colorado was attended by the following property holders: Rudolph Service, W. R. Chandler, Mrs. Mary B. Echols, S. W. Fenton, J. C. Barnett, C. Berger, G. H. and F. L. Muhleman, O. A. Lane, Mattison B. Jones, Miss E. G. Gibbs, Clinton L. Booth, J. E. Jeter and Frank Hester. The meeting was not only unanimously in favor of the repaving of both sides of Brand in the section described above, lowering of the P. E. tracks to grade and paving of its right of way, but of the same proceeding as to this main thoroughfare all the way through the city from the S. P. tracks to Mountain street, wherever this has not been already done. Figures on the probable cost of the improvement for the four blocks in question, alone, were stated as follows: For paving the two roadways of Brand, only, with no lowering of the tracks, the P. E. paying half, $29,481.20; for lowering the tracks, paving right of way and both roadways, P. E. paying half, $60,774.

Another meeting will be called, soon after the election, to consider the project of track lowering and paving on Brand all the way through the city.

(Special Service to Glendale Evening News)

Houston also reiterated to the farmers that the treasury has no money to lend to persons who may wish to hold their products for higher prices.

CHICAGO, Oct. 14.—Grain men today predicted that prices will soar to new high levels if the government acts favorably on demands of farmers for governmental aid in financing crops.

(Special Service to Glendale Evening News)

MEXICO CITY, Oct. 14.—Returning from the United States, Roberto Pesqueiro, personal representative of President De la Huerta, today charged that Washington swarmed with lobbyists working against Mexican interests. ZONING COMMITTEE

HOLDS SECOND MEETING, ADDRESSED BY LOS ANGELES EXPERT

The zoning committee appointed at a recent meeting of the city trustees held its second meeting yesterday afternoon in the council chamber. There were present the chairman, F. H. Vesper; the secretary, Mrs. A. A. Barton; Mrs. Ann P. Bartlett, Mrs. Harry Greenwalt, Ezra Parker, L. T. Rowley and City Manager Watson. After the minutes had been read and approved, Mr. Watson pointed out on the map of the city the two industrial zones that had been provided by ordinance and explained that already some small industries had been located and that prospects were good for others, hence that part of the system seemed to be provided for meeting with few objections from residents. Then he introduced G. Gordon Whitnall, secretary consultant of the city planning commission of Los Angeles, who had very kindly consented to talk on zoning systems in general and give the

CHAPTER L, P. E. O.

ALL-DAY MEETING AT HOME OF MRS. EMERY—PLANS FOR ANNUAL B. I. L. PARTY

Chapter L, P. E. O., held an all-day meeting at the home of Mrs. May Emery, 329 North Kenwood street, yesterday. The house was beautifully decorated in red dahlias. The regular business meeting was called to order at 10:30 a. m. Plans were made for the annual B. I. L. party, which will be held on Friday evening, October 29th, at the home of Mrs. Margaret Gregg, 240 North Central avenue. The assisting hostesses for this party will be Mrs. Lunette Hunt, and Mrs. Edith Huntley. The Entertainment Committee for the evening will consist of Mrs. Lyda M. Border, chairman; Mrs. Ann P. Bartlett, Mrs. Dorothy Weller, Mrs. Lewis Smith, Margaret Lusby and Nell Maxwell.

At the close of the business meeting, a delicious two-course luncheon was served by the hostess, assisted by Miss Waunita Emery, Mrs. Ina Randolph and Mrs. Susie B. Dow. The program for the afternoon was planned by the Year Book Committee, Mrs. Nettie C. Brown, Mrs. Genevieve Goss and Mrs. Harriet Randall. The program opened with the singing of the "Star Spangled Banner," led by Miss Margaret Lusby. The program was in charge of Mrs. Genevieve Goss, who gave an outline of the study for the year, which is to be "Women in the World's Work." Mrs. Randall spoke on the hope of the Year Book Committee that music would have a prominent place on the program during the year. One of the subjects under discussion yesterday was "Women in Politics." The program was as follows:

Life of Susan B. Anthony, by Lyda M. Border.

"Does Woman Want Equality?" and "Our Duty in the Present Campaign," by Anna Goss.

REALTY BOARD

GOVERNING COMMITTEE MET TUESDAY NIGHT—CALLED MEETING FOR OCTOBER 22

The governing committee of the Glendale Realty Board held its regular meeting Tuesday evening, Oct. 12th, and decided to hold a meeting of the Board on Friday evening, Oct. 22d, place to be announced later.

Application blanks for membership to the Glendale Realty Board have been distributed as nearly as possible to every real estate office, but if any have missed receiving such they may procure them from the secretary at 139 North Brand boulevard, Glendale 250, where explanations and instructions will be cheerfully given.

It is expected that the entire personnel of eligible dealers will join up at once and that the meeting to be held Oct. 22 will have a full and enthusiastic attendance.

Several questions not only of importance to the real estate dealers, but also affecting the welfare of the city of Glendale will come up for discussion.

TRAFFIC LAWS

THOSE OF STATE SUPREME OVER ALL CONFLICTING CITY ORDINANCES

The recent decision of the California Supreme Court that the state traffic laws govern in every municipality, no matter what ordinances the city may have adopted to govern such cases, created some uneasiness in the minds of many city officers lest it would be impossible to enforce traffic laws when ordinances were no longer effective. But according to Judge Lowe it is a very wise provision, as it makes traffic laws absolutely uniform all over the state, so that a motorist knows that he must use the same precautions to insure his own safety as well as that of pedestrians in Eureka as in San Diego. City ordinances, then, are useless, for, wherever they conflict with the state law they are inoperative and wherever they coincide with it they are superfluous.

There are just five zones prescribed by the state traffic laws. The first is the 10-mile-an-hour zone, which means railway crossings and past standing street cars that are receiving or discharging passengers. Then there is the 15-mile zone, which comprises business or congested districts which may be designated by city ordinances, and street intersections where the view is obstructed.

HOW TO BE HAPPY

DR. DIXON'S SERMON AT BIBLE CONFERENCE ON THIS SUBJECT MOST FORCEFUL

The third day of the Glendale and San Fernando Valley Bible Conference in session at the First Presbyterian church opened Wednesday afternoon with the study on "Transfiguration, the Unveiling of the Incarnation," led by Dr. A. C. Dixon, followed by the evening service at 7:30 which opened by song and prayer with two selections by the male quartette of the Men's Bible Class of the Presbyterian church, and a wonderful address by Dr. A. C. Dixon on "How to Be Happy All the Time." Taking as his text for a happy life the Sermon on the Mount and using the word "blessed" as indicative of the life of real happiness, Dr. Dixon presented his subject in a most attractive and forceful manner, setting forth the happy life in the form of diamonds. Some of the high lights of the sermon are set forth below.

The happy life is the joyous life. Of course joy means more than fun. It is not always laughter that expresses the deepest kind of joy. There is a joy one cannot tell out in laughter, a joy like that in Heaven when there is silence for the space of half an hour. Spurgeon could laugh and enjoy a good clean joke as genuinely as any one and pass from laughter into the deepest spiritual experience in earnest prayer and work. The happy life is in the pres-

Lewis Maretich is building a four-room residence at 628 East Colorado.

L. L. Smith is building a 4-room house and a garage at 541 Concord, to cost $3500.

H. A. Michel took out two permits yesterday for 5-room residences and garages, one at 510 and the other at 512 Patterson avenue. The cost of each is given at $4000.

Yesterday's high wind, while it did no serious damage, wrested many limbs from trees, particularly eucalyptus, littering the streets with debris, and filled the air with dust at times.

F. M. Farrand, who sold his home at 1421 East Colorado last week to a Mr. Johnston, has bought the Stutsman property at 216 North Cedar and he moved his family there last Saturday.

Born, Tuesday evening, Oct. 12, 1920, at the Glendale Sanitarium, to Mr. and Mrs. Morris Mallin of 112-A East Broadway, a 6½-pound girl baby. Mr. Mallin works in Chris Orff's barber shop.

Mrs. A. S. Dodge, of 115 South Verdugo Road, is expected home Sunday. Mrs. Dodge has been visiting relatives and friends at various points in the eastern states during the past six months.

Mrs. B. L. Cushman, of 208 East Maple, who has been spending about six weeks in the east, visiting relatives and friends in Chicago, Akron and Detroit, returned yesterday. She reports having had a most wonderful trip.

Mrs. May Willis returned Monday to her home on Louise street after a visit to her relatives in Chicago. Mrs. Willis reports that Glendale is best appreciated after encountering two weeks of Illinois cold, and she is glad to be back again.

The past few weeks have been very prolific of colds, many people being compelled to stay at home from work on this account, yet very fortunately it has not developed into influenza. It is thought that the first heavy rain will put an end to this condition.

F. S. Black's beautiful 7-room home at 439 West Lexington Drive has been sold to Dr. Marshall B. Ketchum, president of the Los Angeles School of Opthalmology and Optometry. The sale was negotiated by Joe Hawkins, with J. M. Blankenship.

Wm. Shinner of 128 South Orange was so unfortunate as to lose his gold watch, an open-face Waltham, last Friday at the football game and although it has been advertised the one who picked it up failed to return it. William feels the loss keenly as it was a present.

Misses Sadie and Sibyl Houdyshel, of 308 North Orange street, entertained the Philathea Sunday School class of the First Baptist church Tuesday evening. About fifteen were present, including the class teacher, Miss Cora Powell. After the regular business meeting Miss Powell reviewed a missionary book, and refreshments were served.

F. D. Johnston, a traveling salesman for the John V. Farwell Company of Chicago, who with his wife and children have been visiting his mother in Los Angeles, was a guest of Mr. and Mrs. A. L. Baird Tuesday, the two families having been old friends in Elgin, Ill. This is Mr. Johnston's second visit to Glendale. He is very much interested in Southern California and will likely locate here eventually.

Interest in the Church Night at Central Christian does not flag while the pastor is away, as was evidenced by last night's attendance, which was nearly 70 at the 6 o'clock supper, prepared by a committee of ladies. Most all of those attending were members of the congregation. The Bible study and prayer meeting following were both led by Floyd Mercer, who made both very interesting. The Bible study was on the life of Christ and the prayer meeting topic was "City Evangelism."

N. L. Finch's little grocery store building at 1200 South Glendale avenue is near enough completed to be usable and he opened up for business yesterday. He owns a nice little property on that corner, a 60-foot front lot with the store building on the front and a very conveniently arranged 5-room bungalow across the rear. His brother Pliny and wife live with him there. He started in the new business very properly by ordering the Evening News for six months.

That a man can do most anything he really wants to do if he will concentrate mind and body on it, has been proven by the experience of a young man named Morgan at 1312 East Harvard, who, though he lost both legs above the knee several years ago in a railroad accident, yet still works at his trade as a carpenter. He built the garage in which his mother and he are now living, and is preparing to build a regular residence on the front of the lot, some of the lumber being already on the ground. He clambers around on ladders and does anything that another carpenter would attempt.

UNITED STATES SENATOR, THE

Hon. James D. Phelan

WILL ADDRESS THE PEOPLE IN THE

High School Auditorium, Glendale

MONDAY, OCTOBER 18

AT 8 P. M.

Senator Phelan is a brilliant speaker and Republicans, Democrats and citizens of all political creeds will enjoy his address.

A big consignment of chairs for the new Glendale Theater came in by auto truck this morning.

Frank Echols and wife started this morning for a ten days' auto trip to San Francisco and intervening points.

Supervisor Jonathan S. Dodge was in Glendale this morning and dropped in on the Evening News. He says the work of paving the Ivanhoe highway from the Glendale city limits to Lake Shore Drive in Los Angeles is proceeding very satisfactorily.

Mr. and Mrs. Frank Hester, who have lived for several years at 203 East Maple, recently purchased the lot at the corner of Kenneth Road and Central avenue in David Black's new subdivision and will build a beautiful home on it, probably early next year.

C. E. Willson of 7724 Emelita avenue, Los Angeles, who was driving the Nash car that was wrecked in the collision with Geo. Mills' Cadillac at the Brand and Colorado crossing Tuesday afternoon, called at police headquarters yesterday afternoon and gave his report of the accident. He said that while his wife was badly bruised and shaken there were no bones broken, but her mother, Mrs. Frances LaGros, had a collar bone broken, and a cut on her face that required several stitches to close.

Harry G. Cooke of 212 North Manhattan Place was a caller at the Evening News office this morning. He is the oldest magician now living and spent 45 years in the work of "fooling people." He said he finally got tired of deceiving the public and moved to Los Angeles to live among honest folk but had come to the conclusion that we are all in the "foolin'" business. Harry Kellar, the next oldest magician, is his near neighbor. While Keller cannot appear with his old friend at the American Legion entertainment next Tuesday night, the two will appear in a movie screen at the close of the program, it was decided this morning.

MISS MARJORIE IMLER MAKES APPEAL IN BEHALF OF STATE UNIVERSITY

Miss Marjorie Imler, of Glendale, who is a senior at the University of California, writes her mother as follows in regard to Amendment 12:

Dear Mother:—

Enrollment at Berkeley has increased 200 per cent in the last ten years, class room facilities have increased only 20 per cent, you can well imagine the result. Classes are overcrowded and many of us at the beginning of the term could not take the courses we desired. In some of the large lecture sections students are obliged to sit in the aisles and note-taking is almost impossible.

Now thousands of us students have started a campaign to bring these facts before the citizens of the state, urging them to vote Yes on Amendment 12, November 2d.

Amendment 12 provides a permanent, steady increased income to meet the increased enrollment at the University. Write our Student Committee for all the information you wish; I am sure I can count on you to get busy at once with the press, the clubs and organizations and our friends in our home city so that they will do all they can that the financial crisis at the University will be met by the passage of Amendment 12. President Barrows, in a statement published in the "Cal." speaking of conditions here: "Classes are so large, rooms are so inadequate, teachers so few, that our high standards can no longer be maintained."

MARJORIE A. IMLER.

W. Zeitz is moving from 512 Vine St. to the new home at 525 Alexander.

HOW TO BE HAPPY

Continued from Page 1)

ent tense. The happy life is a savory life. Have you ever seen a Christian life that is good, but good for nothing? If I could take my choice of a bad quality of religion in good grammar or a good quality of religion in bad grammar I would take the latter. The happy life is a distributing life. "A city that is set on a hill cannot be hid." "Men do not light a candle and put it under a bushel. It is the nature of light to scatter. If there is the slightest crack in the bushel the light will find its way out. Christ put Himself on the altar and was willing to be consumed for others and we become lights only in the same way. Another diamond of this happy life is the true spiritual life. In the matter of giving it is between you and God as it is in the matter of prayer. When you pray enter into your closet and shut the door and let it be a transaction between you and God; in the matter of fasting, not a long fast before men but a transaction between you and God. In the matter of hoarding if you want to have a real happy time, 'Lay up for yourselves treasures in Heaven.' A real happy life is a narrow life. "Broad is the way that leads to destruction," but narrow is the way that leads to joy and eternal life. If a man is broad on the ten commandments watch him. If he is broad on "Thou shalt not steal" watch your hat-rack and your automobile. A creed is just a definite statement of what you believe, and if you believe something you ought to be able to state it. If you ever build character you must do what the Lord Jesus says. Christianity is not a forest but an orchard and the tree is known by its fruit. If you want to be happy all the time you must not only have a Christianity that is savory, but you must be just as narrow as the Lord Jesus wishes you to be and you must build character along these lines. Are you willing to let your light shine? Are you willing to go where He wants you to go, to do what He wants you to do and to be what He wants you to be? That life whose will is surrendered to God will be the happiest even in sorrow, will be happy all the time. When you say "Thy will be done" you are speaking for heaven and eternity.

At the close of the sermon Mrs. Fannie Marple Retts rendered a beautiful solo, "Behold at the Door He Doth Stand and Knock," and in response to an invitation, given especially to the young people to surrender their lives in service for Him, several responded.

The meetings are being well attended, the auditorium and gallery being comfortably filled. The last of Dr. Dixon's afternoon studies will be "The Death of Christ, the Glory of the Incarnation" this afternoon, followed by his address in the evening on "The Victorious Life."

Any man who can eat mother's pies with relish should be ashamed to entertain the thought that she may not be able to vote intelligently.

CLEVER LAD

STEWART AYRES, HIGH SCHOOL BOY, RECEIVES WIRELESS MESSAGE OF N. Y. EXPLOSION

The following copied from a San Francisco daily will be of much interest to the many friends of Stewart Ayres, who remember him as an unusually clever school boy.

Stewart is the grandson of Mr. and Mrs. Samuel Ayres, of South Central avenue of this city, one of the oldest and most prominent families of Glendale. This young student, who is but seventeen years of age, is a native of this city and resided here, attending Cerritos and High School until about two years ago when he accompanied his parents, Mr. and Mrs. Edgar S. Ayres, to San Francisco where he entered the High School of Commerce of the northern city.

"News of the explosion in New York, on Wall Street, was received over the wireless station at the High School of Commerce by Stewart Ayres, a pupil of radio science. The perfection with which the school apparatus worked and the ease with which the young pupil received the message and transcribed it was highly gratifying to Principal Charles H. Murphy, who caused copies of the message to be sent at once to Superintendent of Schools, Alfred Roncovieri and the Board of Education.

"Principal Murphy remarked that radio dispatches reach the school frequently from points as far away as Yokohama and Honolulu."

Installations of electric light service ordered yesterday of the Public Service Department, indicating the completion of new residences or remodelings of old, and consequent early occupancy of the same, were as follows: G. H. Bryan, 1011 East Lomita Ave.; C. R. Bowman, 1255 Mariposa; H. H. Garmong, 637 East Lomita Ave.; L. Capdeville, 1505 Gardena; A. P. Offut, 353 West Broadway; E. W. Reed, 524 East Elk Ave.

KENSINGTON CLUB

ENTERTAINS FIFTEEN VISITORS OF HERMOSA CHAPTER AT THE G. A. R. HALL

A very delightful meeting of the Kensington Club was enjoyed by its members yesterday when the organization met at the G. A. R. Hall and entertained about fifteen visitors from Hermosa Beach, who were the guests of the day.

Luncheon was served at 12:30, with Mrs. Lillian Peckham in charge. Just before luncheon two ladies were initiated.

A highly entertaining program was given in the afternoon. This was in charge of Mrs. Pearl Moore. The program consisted of the following numbers, all of which were greatly appreciated and heartily encored:
Reading, Miss Yarbrough.
Vocal solo, Mrs. Pearl Moore.
Piano solo, Miss Irma Bradshaw.
Humorous story, Mrs. Houdyshel.
Vocal solo, Mrs. Lillian Peckham.
Piano solo, Mrs. Carpenter.
Reading, Mrs. Moore.
Comical duet, Mrs. Julina Hayes and Mrs. Patterson.

The visitors from Hermosa Beach were called upon to give short talks. All present declared it to be one of the most pleasant meetings held by the Kensington Club.

ZONING COMMITTEE

(Continued from Page 1)

Glendale committee what information he could to guide them in their work. After explaining that Los Angeles was really the pioneer in city zoning though not working at it much until the last year, he detailed the highly successful attempts at it by New York, Milwaukee and St. Louis, showing maps to illustrate his points. He said the start of a zone system should be made by first marking off the major highways, such as, in Glendale, Brand, Colorado, San Fernando Road, Broadway and other main streets, and lay out the zones to conform to these. He advised only three zones in a city the size of Glendale — industrial, commercial and residential, and assured his hearers that such a system is entirely within the law and has been upheld by the U. S. Supreme Court. He declared the Glendale city map showing the present and proposed main thoroughfares one of the best he had ever seen and said it made an excellent foundation for the establishing of a zoning system.

Mr. Watson had quite a lot of data from the mayors of other cities on the matter but he deferred showing these until the next meeting. The committee realized, after hearing Mr. Whitnall, that they had quite a task before them but that he had made things much easier for them by his clear, lucid explanations. He was accompanied out here by an associate in the work of city planning, C. S. Walbridge.

TRAFFIC LAWS

(Continued from Page 1)

The 20-mile zone is the residential districts, or streets closely built up, with houses not more than 100 feet apart. The 30-mile zone means rural highways or roads in sparsely settled city districts.

The 35-mile zone means the rural highways, where the view ahead and on both sides for 400 feet is clear of other autos and this speed may be maintained only in daylight.

The law prohibiting the turning around of an auto between street intersections applies to every street in the city where the houses are not more than 100 feet apart, but in Glendale it is enforced only in the congested districts.

Motorists should study these provisions carefully. If they observe them to the letter, they will be free from arrest in any part of the state.
